OUTREACH

Rackham Student Government Representative

Reference: Angelica Previero, Curtiss Engstrom

Jan 2025 - present

- Established in 1954, Rackham Student Government is the elected body representing the needs and concerns of the 8,300+ graduate students enrolled in Rackham Graduate School.
- As a representative for the Physical Sciences Division, I advocate for and improve the graduate student experience through service, programs, and community engagement

Berkeley Undergraduate Research Fair Coordinator

Reference: Roia Ferrazares, Austin Hedeman

May 2020 - May 2021

- Conceptualized and organized an event to connect UC Berkeley professors with undergraduates looking to do research in their labs.
- Fall 2020 and Spring 2021 editions of the event had 12+ faculty members offering 20+ research positions. 80+ students attending the virtual event. The department now includes the fair as a regular bi-annual event.
- Assisted administration in setting up additional funding channels for undergraduate researchers including scholarships and work-study programs, the latter intending on opening up opportunity for middle and low income students. $\sim 65\%$ of positions offered were funded (compared to $\sim 25\%$ in 2019)

Splash Class Instructor

Reference: Splash at Berkeley

Mar 2020 - Oct 2020

- Splash at Berkeley brings local high school students to UC Berkeley for a day of student-led learning. Participating students take courses in both conventional and unconventional subjects taught by Berkeley students.
- Taught a 1 hour course (An Introduction to Dark Matter Physics) to 70+ high school students (grades 9-12), over 2 semesters.
